Location: Hoenderloseweg, Ugchelen
Client: Private
Description: Transformation of watermill property

Our clients wanted their own congress centre. They were attracted to the watermill property: what followed was a major renovation and reconfiguration.
Included was the design for a new building consisting of 20 hotel rooms next to the original building dating from 1639. By incorporating the new with the existing and enclosing the entire property it accentuates the panoramic landscape through contrast.
